**EMERGENCY MOTION**

**DEFENDANT FRANCIS M. REYNOLDS' EMERGENCY MOTION TO DEFER  
REPORTING TO PRISON ON May 15, 2020**

Defendant Francis M. Reynolds,, hereby moves *in INTRODUCTION*

I'm scheduled to report to a medical prison FMC-DEVENS on 5/15/2020. I am HIGH RISK for coronavirus. I was assigned to the medical prison FMC DEVENS because I was paralyzed and chronically disabled since 12/14/1992. I submitted almost 1,000 pages of medical records to the probation dept. and that does not include medical records from over 30 medical practitioners that treated Mr. Reynolds from 1992 to the present.

I was paralyzed on 12/14/1992 and although I can walk today, I still have a wide range of medical issues including I can't control bowels or bladder, permanent heart problem, permanent kidney damage, chronic Lung problem, chronic lumbar spine pain, chronic cervical spine problems, and they all make me a highest risk patient for Coronavirus so I'm requesting to delay my surrender 60 days, and to be review for additional 60 day extension until the Coronavirus risk passes.

## **I. ARGUMENT**

I'm a first-time offender with no violence in my history. I invested over \$10,000,000 into my own company that successfully invented multiple product ready for clinical studies. My non-addictive nerve block NeuroRelease 14-day, 7-day and 3-day can replace Morphine for post-surgical pain. I believe that people now understand that PixarBio was never a Ponzi scheme. We have a few great products in our pipeline.

I see Federal and state prisoner's are being released due to coronavirus and my risks have kept me at the doctors since my emergency room visit on 12/5/2019. Some weeks I have 3-4 doctor's appointments and the elimination of elective appointments has limited my ability to stabilize my health. Since January 2020 I've had four procedures to remove malignant skin cancer. Next week I have doctors appointments on Monday and Tuesday and I suspect they'll result in additional medical appointments later next week.

## **II. CONCLUSION**

For these foregoing reasons, the Court should grant this Motion and defer Mr. Reynolds May 15, 2020 surrender to prison, and reassessed for extensions in 60-day increments. .

Dated: April 24, 2020

Respectfully submitted,
